Dear TDL Member,

The TDL Governing Board voted in July to institute a small inflation adjustment of 3% to be applied to Tier Two membership contracts in the 2014-15 fiscal year. On September 24, 2014 at the annual meeting, the Member Board agreed to the adjustment. This percentage adds \$750 to the Tier Two membership dues amount and is consistent with cost of living increases approved at many institutions. Attached you will find your contract for the 2014-2015 fiscal year with the new Tier Two membership fee of \$25,750.00. All other terms and agreements remain the same.

As the TDL moves from its initial startup phase to a more mature service organization, we must be mindful of the cost of these services and ask our members to invest appropriately to ensure the continued growth and fiscal health of the organization. We appreciate your investment in our collective future and look forward to working closely with you on projects and community to advance digital initiatives on your campus, across the state, and beyond.

If you have any questions about your contract please don't hesitate to contact me at the number below.

With sincere thanks,
